AUBREY D.

All of Aubrey D.'s Gourmet Condiments start with the best and freshest ingredients, all which are carefully selected at local markets. Then, these gourmet condiments are carefully prepared in small batches to assure the highest quality and to allow the full bodied flavours, vibrant colors and mouth-watering aromas time to develop into perfection seen only in home-made foods.

Each item in our fabulous gourmet line incorporates the intense and lingering bite of the jalapeño pepper along with ingredients such as ripe, juicy farm fresh tomatoes, fresh and perfectly ripened cucumbers and our own special blend of mustard seed, spices and top quality vinegars.

Aubrey D. was created with that exquisite Southern taste in mind, a little heat and a lot of down home flavour. Our recipes offer just enough heat from the jalapeño peppers to bring a nice light bite to any dish, from BBQ's to fancy marinades.

Once a meal has been enhanced by one or all of Aubrey D. delicious gourmet condiments, you'll never go back to 'ordinary' again.

At one time, the Red Savina pepper was the hottest pepper in North America... but more importantly it is a hell of a hot tasty one.
